

### *About Kathy Summers...*

With over 10 years in the travel business, Kathy Summers prides herself on tailoring trips to meet or surpass her clients' expectations, including staying within their budget. Kathy owns and operates Designed For You Travel. She specializes in large and small ship cruising and vacation packages to the Caribbean and Mexico. She is also a certified specialist in travel to England, Scotland and Ireland.

After traveling extensively herself, and continuing to educate herself in all facets of the travel industry, Kathy brings the very best in travel experiences to her clients. She offers personalized service to individuals, families and groups.

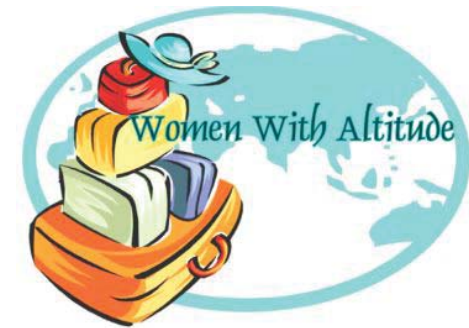

Kathy conceived her new venture, Women with Altitude, after traveling with other female travel agents. They had such a great time that Kathy was sure there were other women who would enjoy the same fun and camaraderie on trips tailored specifically for them.
